

SUMMER EDUCATIONAL PROGRAM

CAREER EXPLORATORY — USA WEST COAST

CLOUD COMPUTING | BUSINESS AND ENTREPRENEURSHIP | SCIENCE | TECHNOLOGY | PRODUCT DESIGN | ENGINEERING |
MOVIE MAKING | ECOLOGY | SUSTAINABILITY | INTERNET OF THINGS (IOT)

DEAR PARENTS,

In association with **Daly College**, **Inverted Prism** is pleased to introduce its **Career Exploratory US West Coast Program**. In the ever-increasing competitive world, there is greater need than ever before for our kids to be educated and trained for their **future careers and businesses**. This begins by giving them industry experiences, interactions with experts making them understand various subject / fields better and inspiring them for their future.

This Career Exploratory US West Coast Program for Grades 10 to 12 has been selected by the School, which will give the students an opportunity to do **Workshops / interactive sessions with top professionals** at **Apple HQ, NASA Ames Research Centre, Intel Museum, Tesla Motors Showroom, Autodesk, Science Exploratorium, Computer History Museum**, etc and get **University Campus Experiences** at **Stanford University, Berkeley University, UCLA, Carnegie Mellon** and much more.

In addition, students will also visit **Universal Studios, Grand Canyon, Yosemite National Park, Las Vegas Boulevard**, etc. They will have time to shop at Premium outlets as well. Please find the details below:
